

Embodied Grace

A Sufi Journey into Feminine Wisdom

27 February - 1 March 2026

Gather in sisterhood for a weekend of rest, renewal, and reconnection with your inner truth. Through body-prayer, chanting, Dances of Universal Peace and the tender rhythms of Sufi devotion, awaken to the grace that lives within. Come home to your essence, rest in love, and remember the wisdom your body already knows.

Dakini is a seeker on the path of the heart, a dance leader, and a senior mentor teacher within the sacred lineages of the Dances of Universal Peace and Sufi Ruhaniat International. She draws inspiration from Life and Nature all around us, as well as from her deep connection with Sufi mysticism and Tibetan Buddhism.
